87% of students have given highest rating on the overall quality level of the institution. Very few students responded unfavourably to this question.

The overall quality of teaching-learning process in your institute is very good.

170 responses

C. Concluding Remarks

The Student Satisfaction Survey 2022-23 report has been analysed and it is found that students are generally satisfied with the teaching learning environment provided by the institution. Still, two areas are found to be in need of improvement.

1. Use of ICT by the teachers
2. Adoption of student centric methods by the teachers

The institution has to make a plan for improving on these two aspects.
