# OBJECTIVES OF ELC

The E. K. Nayanar Memorial Electoral Literacy Club, conceived on 01.03.2024, is a platform to engage college students through interesting activities and hands-on experience to sensitize them about their electoral rights and familiarize them with the complete electoral process in our country. The Department of Political Science, E.K. Nayanar Memorial Government College is responsible for the smooth functioning of this club.

Teachers and students from various departments have been included to give this body truly a representative character. With the goal to build a participative democracy in India, the club encourages the students to vote, spread awareness and promote voter literacy among all. To develop responsible citizens, the club deems it quintessential to sensitize students about the importance of participating in the electoral process. They are made aware about the political parties, their manifestos, backgrounds of the contesting candidates such that they can cast an 'enlightened' vote at the time of elections. Therefore, the objectives of the club are:

- To creating awareness among the students regarding the importance of the electoral system of the country- union, state and local level.
- To enhance their participation in the voting system.
- To create awareness to select effective people centric leaders and cast a valid vote.
- To ensure smooth implementation/execution of our planned activities.
