DOCUMENTARY EVIDENCE FOR

2.3.1. Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences and teachers use ICT- enabled tools including online resources for effective teaching and learning process

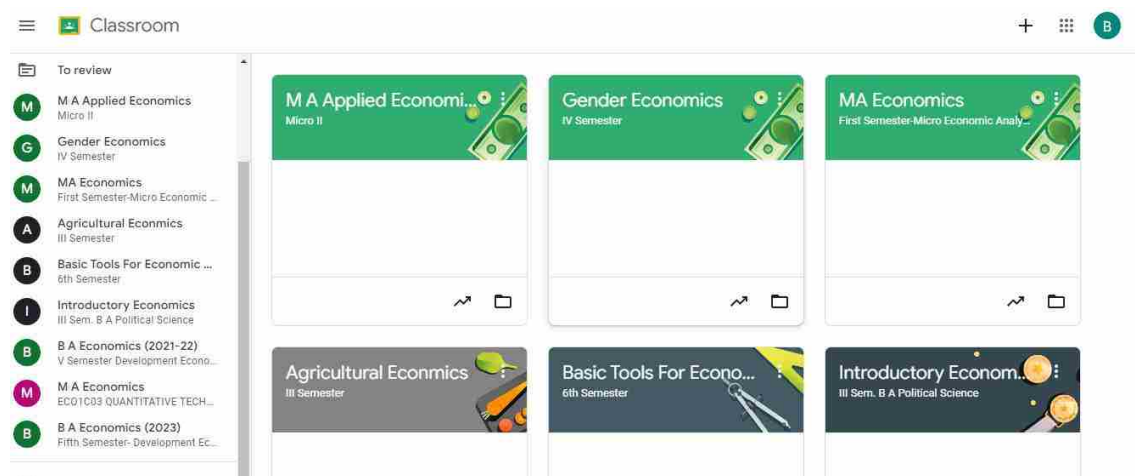

ONLINE TEACHING LEARNING PROCESS AND RESOURCES

ONLINE TEACHING LEARNING PROCESS AND RESOURCES

Online classes and interactive sessions are indispensable part of today's education system. It is acting as a supplement to ongoing offline classes and because of its flexibility, easiness, accessibility, affordability, etc both students and teachers find it as an integral part of teaching learning process. Similarly, the National Library and Information Services Infrastructure for Scholarly Content (N-LIST), A project funded by the Ministry of Human Resource Development (MHRD) under its National Mission on Education (NME) through ICT provides access to e resources to students, teachers and other faculties. Students and teachers regularly access N List in our institution.

Some of the Screen Shots of Google Classroom, YouTube Channels and other Online Platforms Used by teachers to handle Online Classes are given below.
