2. Expected outcome
3. Significance of the expected outcome with respect to the latest developments in the field and its utility if any specific to the socio-economic or developmental scenario of the State of Kerala

The study examines the practice, possibility and challenges of 'Asset backed financial certificates named 'sukuk' as an alternative. Kerala can be transformed into a hub of interest free finance and a clear way of a much needed wave of Infrastructural investment in 'Sukuk'. The study will also analyse the constraints in practicing Sukuk in India and suggest modifications. A feasible Sukuk model for Kerala will be found as an outcome of the study. Amendments in Banking and financial laws for introducing interest free banking and finance is relevant. Interest free alternatives are to be included in the resource mobilization methods of the government to make the financial system more inclusive and sustainable.
