environmental problem and concern for the local community and office bearers of Valiyaparamba Panchayat as the main stay of the Panchayat is agriculture and fishing. Food wrappers and plastic bottles were the major waste materials collected from the beach. NSS volunteers were supported by the local fishermen under the leadership of Janardanan K, a philanthropist during the cleaning up campaign.

Volunteers gathered the waste materials and deposited the same in waste bins kept by the Panchayat. During the cleaning up process the volunteers utilised the opportunity to discuss the importance of a clean beach with the visitors and the fishermen in and around the beach. The volunteers were very happy as they could enjoy beauty of the beach along with the cleaning up programme.
