## SOFT SKILL DEVELOPMENT PROGRAMME

## ON

## **IMPROVE YOUR INTERVIEW SKILL**

## **Learning Objectives**

- □ Students will practice interviewing with business personnel and gain experience for interviewing.
- □ Students will receive feedback on their interview and become better prepared for their next interview.

## Supplies/Materials

□ Interview Questions

## **SESSION 1: Mock Interview Preparation**

- (Rationale) Many students have not had the opportunity to interview with business personnel before. Doing a mock interview in the school setting allows the students to gain experience with interviewing without the consequences of an actual job interview.
- 2. Discuss how to approach an interview before the mock interviews
- 3. Explain to students that the interview extends beyond the question and answer portions. Talk about how small details are important throughout the interviewing process. Talk about sending a Thank you note promptly after the interview.

## **SESSION 2: Mock Interviews**

1. Have the students participate in brief (5-10 minute) mock interviews to develop skills in the interviewing process.
