7.1.2. The Institution has facilities and initiatives for

ALTERNATE SOURCES OF ENERGY AND ENERGY CONSERVATION MEASURES

USE OF LED BULBS AS AN INSTITUTIONAL POLICY

EKNM is conscious of the importance of the use of energy saving resources and towards that end, it has engaged in measures to reduce its carbon footprint, teach sustainable leadership, build energy independence, initiate long term resilience, foster enhanced campus experience and inspire broader community action.

The institution has organised workshops, seminars and other sustainability programmes, contributing to the United Nations Sustainable Development Goals and grassroot level energy building through the following measures. The workshop was sponsored by PTA of the college and sessions were handled by Sri. Dileep Kumar, RWPC, Payyanur. The college ensured maximum participation of students through awareness notices and presence of Kudumbasree brought forth community management.

The faculty by means of practice of carpooling and public transportation encourage the students to thereby reduce carbon emissions.

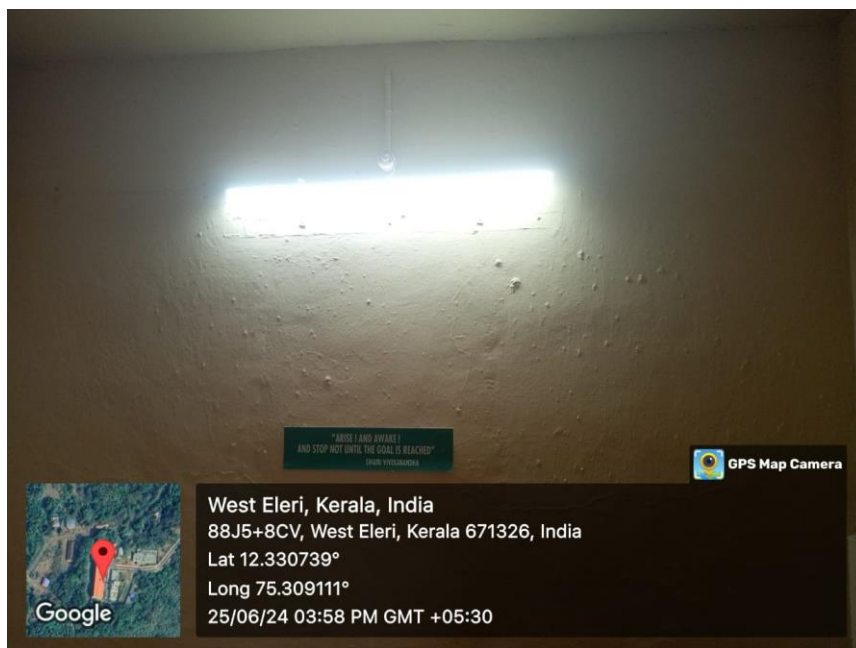

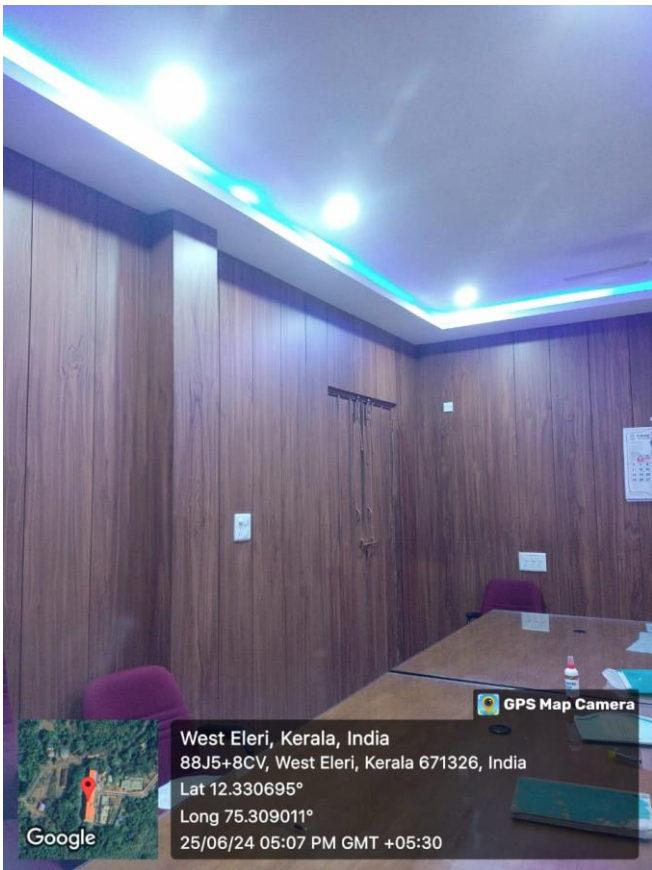

LED Bulb Assembling Workshop organised by the Dept. of Physics on the 22/22/2019

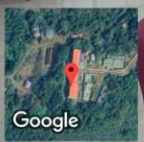

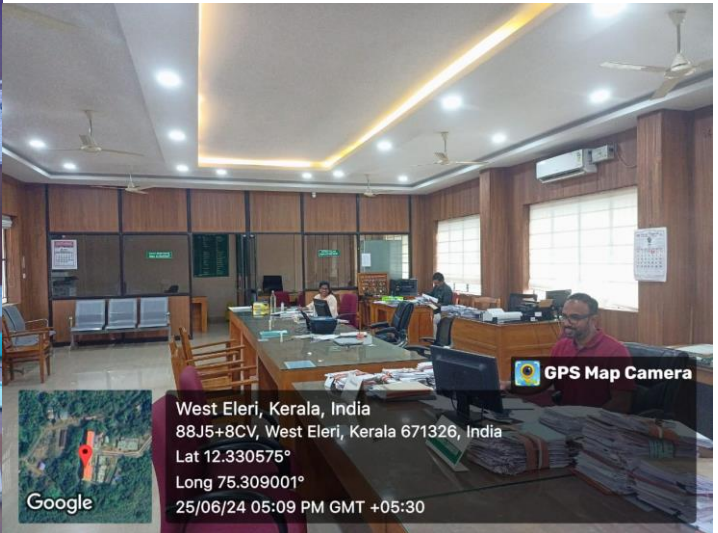

The Hands-on Session of the Workshop, the LED assembling class held on 22/11/2019.
