DOCUMENTARY EVIDENCE FOR

7.1.2. The Institution has facilities and initiatives for

WATER CONSERVATION

WASTE CONSERVATION MEASURES

The college has been instrumental in raising awareness through circulation of warning notices across the campus and awareness classes. It celebrates World Water Day in the month of March through poster making competitions, essay competitions amongst the students. The environmental policies is also made part of curriculum by means of subjects like Environmental Economics and papers like Readings on Nature. The students are taught to be efficient with their water usage and engage in community outreach through the likes of the Water Literacy Programme. The college maintains its independent water supply and works towards sustaining it through groundwater recharge.

The college has a water harvesting catchment area, rain garden, storage tanks, permeable pavements which comprehensively reduces flooding and erosion.

Save Water Essay Competition to educate the students on resource conservation

Poster Making competition as part of the policy mandate to promote water conservation
