Based on the provisions in the Indian Constitution, the central and state government has been definitive in its assurance of reservation to the weaker sections of the community. National Service Scheme (NSS)

National Service Scheme (NSS) is a noble academic scheme envisioned at national level, with a view to bring our actions closer to the society. It is an educational programme for empowerment of the students through community service. This is to create awareness among students, by establishing a meaningful linkage between them and the community.

There is no separate unit for girls but two NSS units working in which about more than 65% are female volunteers.

No. of NSS Volunteers for the last Five Years

Year	Male	Female	Total	% Female	% Male
2019-20	25	75	100	75%	25%
2020-21	22	76	98	77.5%	22.5%
2021-22	27	73	100	73%	27%
2022-23	35	68	103	66%	34%
2023-24	28	72	100	72%	28%
Total	137	364	501	72.6%	27.3%

Over the five-year period, female participants consistently outnumbered their counterparts, with female representation ranging from 66% to 77.5% of total volunteers each year. The highest percentage of female volunteers was recorded in 2019-20 at 77.5%, while the lowest was in 2021-22 at 66%. Cumulatively, across the five years, female volunteers made up 72.6% of NSS participants, while male volunteers constituted 27.3%.

This trend indicates a significant predominance of female participations. The data suggests that the college may need to invest in initiatives behind the higher female engagement in NSS and develop initiatives to engage more male students to participate, promoting a more balanced participation in the program.
